Schedule One – Definition of Te Waihora Catchment

Schedule Two – Diagrammatic Representation of Collaboration Processes

Schedule Three – Diagrammatic Representation of Te Waihora Co-Governance Framework

1. Preamble

- 1.1 This Agreement records the commitments of the Canterbury Regional Council, Te Rūnanga o Ngāi Tahu and Te Waihora Management Board (together the Parties) to share responsibility for Te Kete Ika a Rakaihautu, the Te Waihora catchment. The Parties are jointly committed to maximising and expediting the rejuvenation of the lake and catchment for the benefit of current and future generations, and are confident that working collaboratively in the best interests of the catchment will achieve the greatest outcomes for the catchment and the living relationships people enjoy with the catchment.
- 1.2 Canterbury Regional Council and Ngāi Tahu both have responsibilities to Te Waihora and catchment: Canterbury Regional Council responsibilities are sourced in statute, including through the Resource Management Act, which require Canterbury Regional Council to prudently manage the catchment.
- 1.3 For Ngāi Tahu, Te Kete Ika a Rakaihautu is of paramount significance. Ngāi Tahu responsibilities derive from custom, an inherited body of law conferring on Ngāi Tahu obligations to be enduring kaitiaki over the catchment. For Ngāi Tahu the customary status of mana whenua manifests in part through the reciprocal obligation to the landscape to act as kaitiaki.
- 1.4 The statutory and customary responsibilities forge a common purpose: successful leadership and stewardship of Te Waihora and catchment.
- 1.5 This Agreement records the commitments of the Parties to collaboratively exercise the functions, powers and duties of the Council and reaffirms the Parties' commitment to jointly strive toward appropriate vesting of decision-making powers in the Parties as co-governors over the Te Waihora catchment.
- 1.6 For the purposes of clarity, this Agreement is not a joint management agreement under the Resource Management Act 1991. However the Parties reiterate the significance placed on the commitments recorded in this Agreement and affirm their intention to explore structural mechanisms to support enduring collaborative co-governance arrangements.

2. Interpretation

Canterbury Regional Council— means the regional council duly constituted by the Local Government Act 2002 (the Council).

Co-governors— means governance representatives of the Canterbury Regional Council and Te Waihora Management Board acting jointly.

Parties— means the Canterbury Regional Council, Te Rūnanga o Ngāi Tahu and Te Waihora Management Board.

Ngāi Tahu— means, for the purposes of this Agreement, the collective of Te Rūnanga o Ngāi Tahu, Te Waihora Management Board and ngā Papatipu Rūnanga holding mana whenua within the Te Waihora catchment.

Te Rūnanga o Ngāi Tahu— means the legal entity constituted by the Te Rūnanga o Ngāi Tahu Act 1996 to represent the interests of Ngāi Tahu Whānui.

Te Waihora catchment— means the geographical area described in Schedule One to this Agreement.

Te Waihora Management Board— means the committee established by Te Rūnanga o Ngāi Tahu to represent the Papatipu Rūnanga holding mana whenua within the Te Waihora Catchment with delegated responsibilities to exercise Te Rūnanga o Ngāi Tahu’s statutory and non-statutory responsibilities pertaining to the lake bed of Te Waihora, as provided for under the Ngāi Tahu Claims Settlement Act 1998 and the Ngāi Tahu Deed of Settlement 1997.

3. Purpose and Principles

- 3.1 The Purpose of this Agreement is to provide for an enduring, collaborative relationship between the Parties that includes shared exercise of functions, duties and powers under the Resource Management Act 1991 and the Local Government Act 2002.
- 3.2 The Parties’ agreed principles and aims for collaborative sharing of functions, duties and powers within the Te Waihora catchment are to:
- (a) recognise and acknowledge that the Parties will benefit from working together by sharing their respective vision, knowledge, resources and expertise, and accordingly commit to:
 - i. work together in good faith and with a spirit of co-operation, promoting co-governance and its effective implementation
 - ii. maintain early, open and transparent sharing of information in the process of making sound, robust decisions
 - iii. recognise that the relationship between the Parties will evolve
 - iv. recognise and affirm the sanctity of their respective responsibilities and respect the independence of the Parties and their individual mandates, roles and responsibilities in relation to the Te Waihora Catchment
 - v. use their best endeavours in a courageous and innovative manner to overcome any barriers that may constrain this Agreement, whilst acknowledging the statutory frameworks that apply, and the need to recognise and provide for each Party’s respective responsibilities and values. As part of their commitment to the highest level of good faith collaboration the Parties will apply the principles of consensus decision making in all endeavours.
 - vi. approach all material engagement with other stakeholders standing ‘shoulder to shoulder/pakahiwi ki pakahiwi’, and

- vii. ensuring effective coordination, and where appropriate, integration of their respective roles and responsibilities and efforts and actions relating to Te Waihora.
- (b) enhance the practice of sustainable management within the catchment and increase outcomes giving effect to cultural, biodiversity, mahinga kai, economic and recreational values, including recognition of:
- i. Cultural values—the management and sustainable use of the traditional food and cultural resources, with particular recognition of mahinga kai, the cultural significance of the catchment to Ngāi Tahu and the inherent mauri and wairua of the catchment.
 - ii. Wildlife habitat and biodiversity values— Te Waihora is a nationally significant wetland influenced by fluctuating lake levels and wind-induced water movement. The lake provides habitat for numerous species of birds, plant, fish and invertebrate species. The vegetation types reflect the great diversity of habitat around the shoreline.
 - iii. Historic resources – historic Māori occupation around Te Waihora and ensuing Ngāi Tahu and European settlement has positioned Te Waihora as an important part of Canterbury’s heritage.
 - iv. Landforms and landscapes – the flat, spread out nature of Te Waihora is a prominent feature of Ngā Pākihi Whakatekateka o Waitaha/the Canterbury Plains. Te Waihora, as a large brackish coastal lake is a distinctive landform type in New Zealand and is one rare internationally.
 - v. Recreational use and public access – Te Waihora provides a high quality recreational area for many including fishers, game bird hunters, water-based recreationalists, birdwatchers and those enjoying the wide-open spaces.
 - vi. Sustainable economies – commercial uses along with other public and agency activities in the catchment. The lake community values these commercial activities based on the natural and ecological values of Te Waihora.

4. Background

- 4.1 The Council and Ngāi Tahu respectively hold statutory and tikanga responsibilities in relation to the Te Waihora catchment and each independently dedicate significant resources and expertise to protecting, restoring and enhancing the catchment.
- 4.2 The Council is responsible for integrated management of the natural and physical resources within the catchment and is also one of the lead government agencies for protecting and restoring indigenous biodiversity in the catchment (and wider region). The Council also owns land alongside the lake.
- 4.3 Ngāi Tahu considers the Te Waihora catchment to be of paramount significance as an important source of mahinga kai that has sustained tribal identity across the generations. Te Waihora is also an important link between the Canterbury Plains/Ngā Pākihi Whakatekateka o Waitaha and Te Pātaka o Rakaihutu/Banks Peninsula. Kaitōrete Spit contains a large number of urupa, midden, and mahinga kai sites are abundant across the catchment. The mana of Ngāi Tahu is inextricably bound to the health and well-being of the catchment.

- 4.4 Recognising the significance of the catchment to Ngāi Tahu, the Ngāi Tahu Claims Settlement Act 1998 transferred to Te Rūnanga o Ngāi Tahu the fee simple title to the bed of Te Waihora (Lake Ellesmere) and granted specific planning and bylaw making powers in respect of the lake bed.
- 4.5 Te Waihora is also part of the natural drainage system of the Selwyn/Waikiriri, Halswell/Huritini and Kaituna catchments. Since European settlement lake levels have been modified and managed as part of a comprehensive land drainage system to allow farming around the lake. The management of lake levels is important to landholders around the lake foreshore. They are able to farm their properties because of the operation of the land drainage systems that lie across the lower catchment from Halswell to Motukarara; these drainage systems also protect State Highway 75 to Akaroa.
- 4.6 Te Waihora supports customary, recreational and commercial fisheries; 33 native species and five exotic species are commonly recorded there. Eel, flounder and mullet are the primary commercial catch species.
- 4.7 Recognising the potential to enhance the outcomes generated within the catchment through greater co-ordination of resources, the Parties have committed to collaborative co-governance of the catchment.
- 4.8 Co-governance of the catchment is recorded as a specific goal in the Canterbury Water Management Strategy, which seeks to achieve, by 2015—
- “A formal co-governance arrangement (developed in partnership by Ngāi Tahu, the Crown and Canterbury local government) for the active management of Te Waihora (Lake Ellesmere) and its catchment.”*
- 4.9 The Parties have also jointly contracted with the Crown, in the spirit of co-governance, to an accelerated cultural and ecosystem restoration programme in the catchment known as Te Whakaora Te Waihora.
- 4.10 The involvement of Ngāi Tahu in co-governance and co-management arrangements for Te Waihora and its catchment is consistent with the principles of the Treaty of Waitangi, and will promote the principles set out in sections 6 and 8 of the Resource Management Act 1991 (RMA) and Parts 2 and 6 of the Local Government Act 2002 (LGA).

5. Functions, powers and duties to be jointly exercised

 - (d) People— where appropriate, the co-governors will encourage Ngāi Tahu people to become engaged in the performance of particular functions.
 - (e) Processes— each function will adopt operational processes to implement and embed clear, effective and efficient processes for enhanced collaboration, particularly to ensure that Ngāi Tahu staff can work side by side with Council staff, where appropriate, and

10. Structural machinery for co-governance entity

- 10.1 The Parties agree to explore jointly the constitution of a statutory body to exercise and oversee the joint governance of functions, duties and powers under this Agreement.
- 10.2 In the period between commencement and the constitution of such a body, the Parties agree to jointly exercise the functions under this Agreement through an unincorporated co-governance framework consisting of the Te Waihora Co-Governance Group and the Joint Officials Group.
