   Schedule One – Definition of Te Waihora Catchment

   Schedule Two – Diagrammatic Representation of Collaboration Processes
1. **Preamble**

1.1 This Agreement records the commitments of the Canterbury Regional Council, Te Rūnanga o Ngāi Tahu, Selwyn District Council, Christchurch City Council, and the Department of Conservation (together the Parties) to share responsibility for Te Kete Ika a Rākaihautū and the wider Te Waihora catchment. The Parties acknowledge the contribution of the former Te Waihora Management Board in the development of the Te Waihora Co-Governance Agreement and express their appreciation for that contribution, the leadership demonstrated in forging this new regime, and the Board’s unfailing commitment to Te Waihora. The Parties are jointly committed to maximising and expediting the rejuvenation of the lake and catchment for the benefit of current and future generations, and are confident that working collaboratively in the best interests of the catchment will achieve the greatest outcomes for the catchment and the living relationships people enjoy with the catchment.

1.2 Canterbury Regional Council, Selwyn District Council, Christchurch City Council, the Department of Conservation and Ngāi Tahu all have responsibilities to Te Waihora and catchment: Canterbury Regional Council, Selwyn District Council, Christchurch City Council, and the Department of Conservation’s responsibilities are sourced in statute, including through the Resource Management Act 1991, the Local Government Act 2002, the Conservation Act 1987, the Reserves Act 1977, the Wildlife Act 1953 and other statutes which require the Parties to prudently manage the catchment.

1.3 For Ngāi Tahu, Te Kete Ika a Rākaihautū is of paramount significance. Ngāi Tahu responsibilities derive from custom, an inherited body of law conferring on Ngāi Tahu obligations to be enduring kaitiaki over the catchment. For Ngāi Tahu the customary status of mana whenua manifests in part through the reciprocal obligation to the landscape to act as kaitiaki.

1.4 Te Rūnanga o Ngai Tahu and the Department of Conservation will also act in accordance with the Te Waihora statutory Joint Management Plan 2005, which provides for the management of the Joint Management Plan area.

1.5 The statutory and customary responsibilities forge a common purpose: successful leadership and stewardship of Te Waihora and catchment.

1.6 This Agreement records the commitments of the Parties to collaboratively exercise the functions, powers and duties of the Councils and the Department and reaffirms the Parties’ commitment to jointly strive toward appropriate vesting of decision-making powers in the Parties as co-governors over the Te Waihora catchment.

1.7 In exercising functions, powers and duties the Parties agree to jointly manage stakeholder relationships within the catchment, including facilitating consultation, collaborative engagement, and the development of agreements with key stakeholders (including central government) in relation to the management of Te Waihora and its catchment generally.

1.8 For the purposes of clarity, this Agreement is not a joint management agreement under the Resource Management Act 1991. However, the Parties reiterate the significance placed on the commitments recorded in this Agreement and affirm their intention to
explore structural mechanisms to support enduring collaborative co-governance arrangements.

3. **Purpose and Principles**

3.1 The Purpose of this Agreement is to provide for an enduring, collaborative relationship between the Parties that includes shared exercise of functions, duties and powers under the Resource Management Act 1991, the Local Government Act 2002, the Conservation Act 1987, the Reserves Act 1977, the Wildlife Act 1953, and other relevant statutes.

3.2 The Parties' agreed principles and aims for collaborative sharing of functions, duties and powers within the Te Waihora catchment are to:

(a) recognise and acknowledge that the Parties will benefit from working together by sharing their respective vision, knowledge, resources and expertise, and accordingly commit to:

i. work together in good faith and with a spirit of co-operation, promoting co-governance and its effective implementation

ii. maintain early, open and transparent sharing of information in the process of making sound, robust decisions

iii. recognise that the relationship between the Parties will evolve

iv. recognise and affirm the sanctity of their respective responsibilities and respect the independence of the Parties and their individual mandates, roles and responsibilities in relation to the Te Waihora Catchment

v. use their best endeavours in a courageous and innovative manner to overcome any barriers that may constrain this Agreement, whilst acknowledging the statutory frameworks that apply, and the need to recognise and provide for each Party’s respective responsibilities and values. As part of their commitment to the highest level of good faith collaboration the Parties will apply the principles of consensus decision making in all endeavours.

vi. approach all material engagement with other stakeholders standing ‘shoulder to shoulder/pakahiwī ki te pakahiwi’, and

vii. ensuring effective co-ordination, and where appropriate, integration of their respective roles and responsibilities and efforts and actions relating to Te Waihora.

(b) enhance the practice of sustainable management within the catchment and increase outcomes giving effect to cultural, biodiversity, mahinga kai, economic and recreational values, including recognition of:

i. Cultural values—the management and sustainable use of the traditional food and cultural resources, with particular recognition of mahinga kai, the cultural significance of the catchment to Ngāi Tahu and the inherent mauri and wairua of the catchment.

ii. Wildlife habitat and biodiversity values—Te Waihora is a nationally significant wetland influenced by fluctuating lake levels and wind-induced water movement. The lake provides habitat for numerous species of birds, plant, fish and invertebrate species. The vegetation types reflect the great diversity of habitat around the shoreline.

iii. Historic resources—historic Māori occupation around Te Waihora and ensuing Ngāi Tahu and European settlement has positioned Te Waihora as an important part of Canterbury’s heritage.
iv. Landforms and landscapes – the flat, spread-out nature of Te Waihora is a prominent feature of Ngā Pākīhi Whakatekateka o Waitaha/the Canterbury Plains. Te Waihora, as a large brackish coastal lake is a distinctive landform type in New Zealand and is one rare internationally.

v. Recreational use and public access – Te Waihora provides a high quality recreational area for many including fishers, game bird hunters, water-based recreationalists, birdwatchers and those enjoying the wide-open spaces.

vi. Sustainable economies – commercial uses along with other public and agency activities in the catchment. The lake community values these commercial activities based on the natural and ecological values of Te Waihora.

4. Background

4.1 The Councils, the Department and Ngāi Tahu respectively hold statutory and tikanga (customary) responsibilities in relation to the Te Waihora catchment and each independently dedicate significant resources and expertise to protecting, restoring and enhancing the catchment.

4.2 The Councils and the Department are responsible for integrated management of the natural and physical resources within the catchment and are also lead government agencies for protecting and restoring indigenous biodiversity in the catchment (and wider region). The Councils, the Department and Ngāi Tahu also own land alongside the lake.

4.3 Ngāi Tahu considers the Te Waihora catchment to be of paramount significance as an important source of mahinga kai that has sustained tribal identity across the generations. Te Waihora is also an important link between the Canterbury Plains/Ngā Pākīhi Whakatekateka o Waitaha and Te Pātaka o Rākaihautū/Banks Peninsula. Kaitorete Spit contains a large number of urupā (burial ground), midden, and mahinga kai sites are abundant across the catchment. The mana of Ngāi Tahu is inextricably bound to the health and well-being of the catchment.

4.4 Recognising the significance of the catchment to Ngāi Tahu, the Ngāi Tahu Claims Settlement Act 1998 transferred to Te Runanga o Ngāi Tahu the fee simple title to the bed of Te Waihora (Lake Ellesmere) and granted specific planning and bylaw making powers in respect of the lake bed.

4.5 Te Waihora is also part of the natural drainage system of the Harts/Waitātari, Irwell/Waiwhio, Selwyn/Waikirikiri, Līl/Ararira, Halswell/Huritini and Kaituna catchments. Since European settlement lake levels have been modified and managed as part of a comprehensive land drainage system to allow farming around the lake. The management of lake levels is important to landholders around the lake foreshore. They are able to farm their properties because of the operation of the land drainage systems.

---

1 Mahinga kai – means the customary gathering of food and natural materials and the places where those resources are gathered.
4.6 Te Waihora supports customary, recreational and commercial fisheries; 33 native species and five exotic species are commonly recorded there. Tuna (eel), pātiki (flounder) and aua (mullet) are the primary commercial catch species.

4.7 Recognising the potential to enhance the outcomes generated within the catchment through greater co-ordination of resources, the Parties have committed to collaborative co-governance of the catchment.

4.8 Co-governance of the catchment is recorded as a specific goal in the Canterbury Water Management Strategy, which sought to achieve, by 2015—

"A formal co-governance arrangement (developed in partnership by Ngāi Tahu, the Crown and Canterbury local government) for the active management of Te Waihora (Lake Ellesmere) and its catchment."

4.9 The involvement of Ngāi Tahu in co-governance and co-management arrangements for Te Waihora and its catchment is consistent with the principles of the Treaty of Waitangi, and will promote the principles set out in sections 6, 7 and 8 of the Resource Management Act 1991 (RMA), Parts 2 and 6 of the Local Government Act 2002 (LGA), and section 4 of the Conservation Act 1987.

4.10 This Agreement replaces the Te Waihora Co-Governance Agreement dated 1 July 2016.

5. Functions, powers and duties to be jointly exercised

5.1 The Parties have agreed to collaboratively exercise the following statutory and non-statutory functions, duties and powers that the Councils, and where applicable and relevant to Te Waihora the Department, are responsible for:

5.4 The Parties have agreed that within the Te Waihora catchment all of these functions will be exercised collaboratively to better reflect and give effect to Ngāi Tahu values,
5.5 Subject to the further specificity set out in Schedule Two, the Parties agree that the nature of collaboration for each function included within the scope of this Agreement will, where possible, include:

7.2 The purpose of the operational process protocols is to:

(a) recognise, promote and give effect to the purpose and principles of this Agreement
(b) ensure that statutory functions, duties and powers are satisfied, and
(c) maximise efficacy and efficiency of the implementation of the joint exercise of functions, duties and powers provided for under this Agreement.

10. Structural machinery for co-governance entity

10.1 The Parties agree to explore jointly the constitution of a statutory body to exercise and oversee the joint governance of functions, duties and powers under this Agreement.

10.2 In the period between commencement and the constitution of such a body, the Parties agree to jointly exercise the functions under this Agreement through an unincorporated co-governance framework consisting of the Te Waihora Co-Governance Group and the Joint Officials Group.

Te Waihora Co-Governance Group

10.3 The Te Waihora Co-Governance Group will:

(g) The development of policy and protocols related to the artificial opening and closing of Te Waihora
(h) Other functions as directed by the Co-Governance Group, and

10.11 Wherever possible staff recommendations to the Co-Governance Group should be joint recommendations from the Joint Officials Group. Where a joint recommendation cannot be agreed, separate recommendations and associated rationale shall be provided.

(a) Regular and effective communication and co-ordination between staff of the Parties (via the Joint Officials Group), and between the Co-Chairpersons of the Co-Governance Group, and

In relation to the Settlement, this Agreement shall look to continue the process of healing and enter the new age of co-operation with Ngāi Tahu as set out in the Apology of the Crown contained in the Ngāi Tahu Claims Settlement Act.

12.2 It is accepted that the Councils and the Department have functions, duties, and obligations pursuant to statute and at law generally. The Parties acknowledge that nothing in this Agreement restricts, fetters or derogates from the statutory functions, duties and obligations imposed on the Councils or the Department by the Local Government Act 2002, the Resource Management Act 1991, the Conservation Act 1987, the Reserves Act 1977, the Wildlife Act 1953, or any other statute or regulation, or at law generally. If anything in this Agreement is contrary to any of the Councils’ or the Department’s functions, duties or obligations pursuant to statute or at law generally, then the functions, duties, and obligations of the Councils or Department pursuant to statute or at law generally shall prevail and this Agreement shall be construed and interpreted accordingly.

12.3 The Councils and Department may carry out functions or exercise the power on their own account and not in accordance with this Agreement if:

(a) An emergency situation arises, or
(b) A statutory timeframe for the carrying out of the function or the exercise of the power is not able to be complied with under this Agreement.

12.4 Nothing in this Agreement precludes the Councils or the Department from affecting a transfer or a delegation of function, duty or power to Ngāi Tahu.

13. Administration of Agreement

13.1 Each Party will bear their own costs in relation to their separate activities and contributions pursuant to this Agreement. The Parties agree that from time to time payment may be made from one Party to another for specific services in relation to the implementation of co-governance where the Parties agree that in the circumstances it is appropriate to do so.
